Premium Indoor Comfort with Amana® Brand Air Conditioners

Beat the summer heat and the winter cold with a premium Amana brand ASX14 R-410A Air Conditioner — a unit that provides you with high-efficiency, outstanding performance, quiet operation and long-lasting warranties* — including a Lifetime Unit Replacement Limited Warranty* for the original, registered homeowner good for as long as you own your home. This air conditioner's reliable operation and outstanding features add up to premium indoor comfort. The Amana brand has a long reputation for providing quality and innovation in home appliances, and our heating and air conditioning products are made with the same level of commitment. You can expect years of dependable service from your Amana brand ASX14 R-410A Air Conditioner. Why suffer through hot, humid days or cold, frigid nights with an inefficient, lower SEER noisy air conditioner when an Amana brand ASX14 unit with chlorine-free R-410A refrigerant can consistently deliver quiet, energy-conserving comfort?

Energy-Saving Efficiency

When properly matched and installed, your Amana brand ASX14 Air Conditioner offers up to 15 SEER energy-efficiency performance. "SEER" stands for Seasonal Energy Efficiency Ratio, a measure used by the U.S. Department of Energy to rate the cooling efficiency of air conditioners and heat pumps. The higher the SEER, the greater the efficiency — and the lower the operating cost. Compared to lower SEER units found in many homes, an ASX14 air conditioner provides significant savings on your electric bill.** With Amana brand Air Conditioners, your comfort and savings start with a high-efficiency Copeland® Scroll compressor. This quality component uses the latest compression technology and features overload protection. The efficient design of the scroll compressor is complemented by our durable, high-efficient condensing coil, which is made with corrugated aluminum fins and refrigeration-grade copper tubing.

In many applications, the efficiency of your Amana brand ASX14 Air Conditioner can be enhanced by using it in conjunction with an Amana brand Gas Furnace, Air Handler or Modular Blower that includes a variable-speed blower motor. Talk to your Amana brand dealer about opportunities to increase the efficiency of your new unit.

What is R-410A?

Compared to lower SEER, R-22 refrigerant units, our new Amana brand ASX14 Air Conditioner will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain chlorine, it is environmentally-friendlier than R-22 refrigerant, which is currently used in most air conditioning systems. Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

Experience Quiet Comfort

You can be assured that your Amana brand Air Conditioner will provide you with quiet operation. To minimize operating sounds, we've acoustically engineered our systems with enhancements that include a compressor sound-reduction cover made of high-density foam and a specially designed sound-control top.

* Complete warranty details available from your local dealer or at www.amana-hac.com. To receive the 10-Year Parts Limited Warranty and the Lifetime Unit Replacement Limited Warranty good for as long as you own your home, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

** ENERGY STAR ratings are dependent upon conditions beyond equipment installation. To make certain your HVAC equipment qualifies for the ENERGY STAR designation, get complete information at www.energystar.gov.

Commitment to Quality Engineering

Always in pursuit of the highest performance and efficiency, our engineers are constantly evaluating the latest technology and applying it to every Amana brand Air Conditioner. This commitment to constant improvement ensures that our units continue to meet or surpass industry standards. The Amana brand line of air conditioners is designed and built to ensure dependable operation with continuous, trouble-free cooling comfort.

But best of all, the operation of your air conditioner can be monitored and reviewed by your contractor with the use of the ComfortAlert™ Diagnostics module that we build into all of our premium Amana brand units. This module monitors data from the unit and accurately detects the cause of system-related issues.

AsureSM †
EXTENDED SERVICE PLAN

For even greater peace of mind, ask your dealer or visit our web site at www.amana-hac.com for more details about AsureSM, an affordable Parts and Labor Extended Service Plan for your entire Amana brand HVAC system.†

AMANA® BRAND QUALITY

Americans have been relying on long-lasting Amana brand products since 1934, when Amana, Iowa, native George Foerstner accepted the challenge of building a dependable beverage cooler. Since then, the Amana brand has enjoyed many firsts, including developing the first cold storage locker, being the first manufacturer to nationally market an upright freezer for home use, and introducing the first portable countertop microwave oven.

From the technology behind our Million-Air® heat exchanger to what we believe to be the industry's best warranties* to the inclusion of high-quality filter dryers in each of our air conditioners and heat pumps, we remain committed to the Amana brand's legacy of providing consumers with premium heating and cooling products that are built to last.

Look to your qualified Amana brand dealer to obtain expert advice about installation and service.

Your dealer can help you decide which model best suits your needs.
